**Akshay Software announces comprehensive solutions for BFSI & Healthcare domains**

Navi Mumbai based Akshay Software Technologies Ltd, with major focus on SAP with rich experience in software development life cycle (SDLC) announces comprehensive solutions in the BFSI and healthcare domains.

Additionally, Akshay has also implemented ready-made CRM software solutions and acquired expertise in software product implementation, customization, support etc. which it leverages to provide quality implementation and customization support to its customers. Speaking on the occasion, Mr. Krishnan Iyer, Sr. Vice-President, Akshay Software Technologies Ltd. said "Traditionally the SME segment had difficulties in finalizing their requirements, but today, organizations recognize and understand the capabilities of ERP systems, which facilitates in speedy project mapping and consultations." With the right solution, ERP can help transform organizational functions irrespective of the size of the organization. For more information, please visit - [www.akshay.com](http://www.akshay.com)

**Akshay Software's comprehensive solutions for BFSI & Healthcare domains**
